NAME: CHANDRUS

ROLL NO.: 220701051

STD: \_\_\_\_\_ DIV/SEC: CSE - A

SUBJECT: Computer Networks

S.No.	Date	Title	Page No.	Teacher's Sign/Remarks
1	12-7-24	Networks Concepts	1	
2	20-7-24	Different type of network cables	9	
3	6-8-24	Experiments on network protocols	15	
4	12-8-24	Design and configuration of LAN	20	
5	17-8-24	Using a switch and router cable		
6		Packet capture Wireshark	23	
		Error detection and correction		
		Using Hamming code		
7		Flow chart control using C++		
		Window protocol		
8		(a) Visual LAN configuration (b) Simulate		
9		Implement Subnetting		
10		Internet working with Subnet		
11		(a) Static routing configuration (b) Simulate		
12		(a) Echo client - Server using TCP/IP		
		(b) Echo client - Server using UDP		
13		Implement ping program		
14		Implement Sniffing in LAN sockets		
15		Analysis type of weblogs
